

NewWest FilmFest Report for 2016

This year we presented a full slate of diversified films for our Festival.

We forged many new partnerships, in particular our Co-presentation with DOXA.

Also new for this year was the Shorts Program, a delightful mix of short innovative movies.

As the previous years we ended with the wrap up party at CG Masters School of 3D Animation and Visual Effects located across from Landmark Theatres.

Many thanks of appreciation to all of our sponsors, the many, many volunteers, including the BOD and our partners for making NewWestFilmFest a success and a “must be” in New Westminster for 2017.

The Program for 2016 was:

Tuesday October 18th

Mediated Visions: film, art & technology. Co presented with DOXA, the Anvil Centre, the New Media Gallery, the Momentum Youth Arts Movement;

7pm at the Anvil Centre - Lo and Behold: Reveries of the Connected World - 2016 Documentary
