

# workingSilver.com

tools . stones . silver . supplies . jewellery

The Workingsilver.com Company underwent major restructuring in 2019. After considerable time and due diligence reviewing all options, Kathy decided to close the teaching studio and retail store in June 2019. After working with just under 1,000 students in the Workingsilver teaching studio as well as Open Studio every Tuesday evening, the studio had become for many, an important part of the vibrant arts scene in New Westminster. Closing the studio was a very difficult decision.

However, Workingsilver.com continues as a robust ONLINE ONLY company catering to hobby and artisan silversmiths in Canada and the US. We ship tools, stones, supplies, and silver; and Kathy has her finished jewellery for sale on the website as well.

Kathy now has more creative time at her bench and is looking forward to participating in artisan markets once again. Kathy's upcoming markets include the Thornebridge Gardens Christmas Market on Nov 16, the Deer Lake Craft Festival at the Shadbolt Centre (now in its 46<sup>th</sup> year!!) on Nov 22, 23 & 24, and the New West Craft Holiday Night Market at 100 Braid St Studios on Dec 7th. Please see [www.workingsilver.com](http://www.workingsilver.com) and click on the "Events" page for full information about Kathy's markets.

Kathy looks forward to active participation as an artisan in New West during 2020 and continuing her support for the Arts Council.
