ArtsNW, the podcast FACT SHEET:

- New Westminister artists, composers, writers, makers, and arbiters explore how art is conceived, created, and consumed in today's culture. The show gives insight into the way art influences our lives here in the lower mainland and the impact of local art on the national and international stage.
- Made for artists and art lovers by artists and art lovers, audience discretion advised-contains diverse and equitable content!
- Our host, Joel MacKenzie is a multi-instrumented musician, teacher, composer, and podcaster from the Lower Mainland, BC. He also is a member of the Raccoon Parade. [link to Joel's website](#)
- ArtsNW began by the Arts Council of New Westminister asking, "How can we help New Westminister best explore it's arts community?" The opening salvo in each interview, "What's on your walls?" starts that journey into inspiration and the creative process.
