

Vagabond Players AGM Report  
The Arts Council of New Westminster  
November 2021

Vagabond Players went dark in March 2020 and continues to be. However, our members have been busy at the theatre behind the scenes doing some updating and maintenance inside.

We have repainted and redecorated our green room, so the actors will have a nice environment to wait in before going on stage.

We hosted the evening gown and speech portion of Hyack's Miss New Westminster pageant. We hope this will be an ongoing event at our theatre. It was enjoyable for all involved.

Recently, Northern Paranormal Investigations spent an evening in our theatre hunting for ghosts! Apparently, they were Not all friendly!

Helter Spectre, another paranormal group, is planning an investigation next month, and hope to present their findings to the public at our theatre.

We held a costume sale on October 17<sup>th</sup>. We thought it would be a good time to purge some of our extra items, just in time for Halloween! We still have some vintage style dresses and a few furs left if anyone is interested.

We are planning a spring (March/April) opening of the theatre. We are still in the process of deciding what production to stage. More information will be posted as it becomes available.

Respectfully submitted,

Valerie Lawlor
